There is soon to be a paper entitled a bove, issued from this office, and par sed in the interests of the M. E. Chur. this portion of our work

Since the unwise removal of the navieston Advocate, our work has bee alarging and extending in this section ad demands multiplying for a local or an. The Charleston Advocate was fe vo years published in Charleston. ! s during this eventful period in "

istory of our cause in the South, one of the most important auxiliaries of our work. Its removal left a vacant place ere which has not since been filled. It is an old saying, "that blessings brighten is they take their flight." This was em chatically true in reference to our daper or this coast. Many were taken by sur rise at its sudden removal and were axious for its return. If we had been s fully advertised of the wants and vishes of the people in this section, beore the transfer of that paper to Atlanta. Sa., as we were after it was done, it would never have gone from us. The Wethodist Advocate is a good paper and ably conducted, but it is too distant from he Atlantic coast to meet our local wants in this section. Our work on this coast differs in some particulars from our work in the section of Atl ata or the valley of the Mississippi. Its peculiar phases cannot be met by those who lv at a di tance from us, and are not conversant with the exigencies and demands of this section. The people will have greater
